**Makhanlal Chaturvedi National , Bhopal** | **CGPA: 8.95/10.0**          **Aug 2010 – May 2014**
*BCA*                                                                                                        *Bhopal, India*

## WORK EXPERIENCE

**Backend Developer | 3Nidhi Project**                                            **Sep 2024 – ongoing**

- Developed **RESTful APIs** for critical application functionalities, including login, signup with OTP email verification, and KYC processes.
- Utilized **JWT authentication** and **Mongoose sessions** to ensure secure user tracking and data integrity.
- Implemented **file upload functionality** to Google Drive using **Multer**, enabling efficient document handling.
- Designed and maintained **database models** to support scalable and efficient backend operations.
- Integrated **Swagger** for comprehensive API documentation, improving clarity and developer collaboration.

**Frontend Developer Intern (Live Project) | TechBairn**                  **Sep 2024 – Sep 2024**

- Contributed to the development of the TechBairn website during a 15-day live frontend project.
- Optimized frontend code for performance and improved overall responsiveness across devices.
- Designed and implemented interactive sliders, navigation pages, and custom frontend logic.
- Ensured a mobile-first design approach to enhance user experience.
- Gained hands-on experience in website deployment processes and best practices.

**Web Developer Intern, Xenosis IT Solutions**                              **Jul 2023 – Aug 2023**

- Contributed to multiple projects, enhancing web development skills through hands-on experience.
- Collaborated with senior developers to design, build, and maintain web applications, gaining proficiency in front-end and back-end technologies.
- Applied knowledge of HTML, CSS, JavaScript, and relevant frameworks to deliver effective solutions and improve user experience.
